

Academic Information Service for Parents of UII students

Thursday, 05 June 2008

Using UII-LIA, parents can watch the student development in taking the education process at Universitas Islam Indonesia. Parents with account on UII LIA can access information provided on UII-LIA. The accessible information includes: Registration: containing the registration data of the students (i.e. data induk and students' Jogja address). Academic: containing academic information of the students (i.e. academic status, schedule, attendance, study result, cumulative study result, Grade Point Average and streams of the study). Tuition Fee: containing information on students' tuition matters (i.e. schedule of payment, tuition fee history, Tridharma, invoice etc). Library: containing information on book borrowing from the library and fines due to lateness. Parents who haven't hold an account in UII-LIA may register in Parent Registration Menu or [Click here](#) . After completing the form, push send and our team from itsupport will confirm whether the registration is success or not. In no more than three days, we will send a confirmation to your email address.
